

1. Click the hyperlink for the course you wish to view.

2. The course files are encrypted and can only be opened with the correct password.

3. Some of the files are large and may take several seconds to completely download.

4. For most of the courses, the first page of the document should show the USMA crest.

5. Important – In the downloaded version (local pdf) the organization of the document is shown in the table of contents (page 2) and in the bookmarks panel.

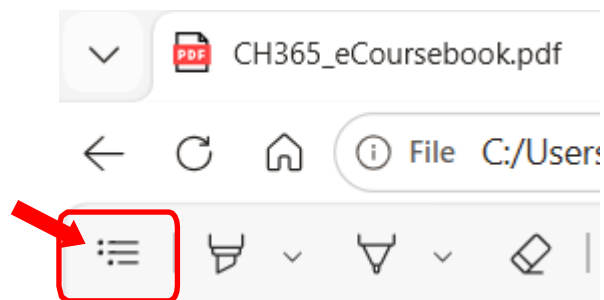

6. Coursework displays downloaded from Github are compressed to save download time. This resulted in some loss of resolution in the embedded images.

High-resolution documents are available [at this link](#).

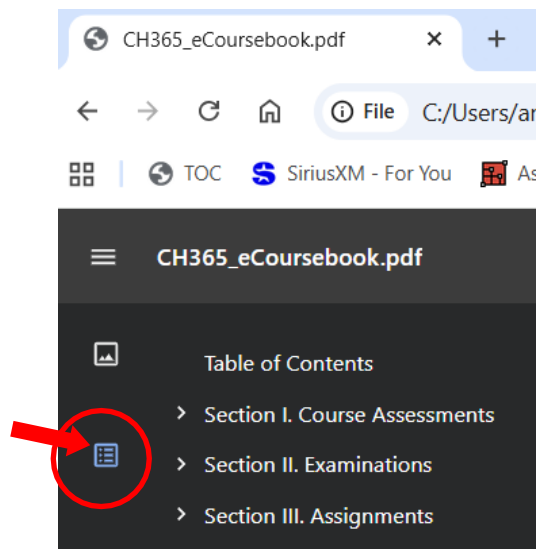

7. Because of the large number of pages, each pdf document contains bookmarks that track the embedded indicators in the course assessment documents.

8. When viewing in a browser, note that different browsers display the bookmarks differently. Additional browser viewing tips to display bookmarks follow on the next page.

9. Microsoft Edge: The bookmarks are in “Contents” at the upper left side of the browser window.

10. Google Chrome: bookamrks are in the document outline at the upper left side of the browswer window.

11. Firefox : The bookmarks are set to open automatically. If they do not, click the ribbon as in 8.
