

Distributed: Lesson 1

Due: Draft 2 is due NLT 2359 Monday 7 December 2026

Point Value: 200 (see note below)

Resources: This document, the original handout, course web site links, and various internet sources as needed

Assignment: Update your one-page resume. (The one-page limit is required.)

Your task is to update your one-page resume that was submitted earlier this semester. This task requires that you review the grading rubric, particularly row 3 of the rubric, intellectual growth. The requirement is to add skills acquired this semester. For example, there may be an experimental procedure or theoretical method that you learned in one of your current courses. Note carefully that according to the rubric, your score could drop if you do not include new material learned this semester. Finally, incorporate the instructor comments and suggestions for improvement from your first draft.

Note: The grade on this assignment replaces your grade for the first version.
