

TRANSCRIPT OF ACADEMIC RECORD

Patent #5,638,874

UNITED STATES MILITARY ACADEMY

West Point, New York 10996

ACADEMIC RECORD OF: [REDACTED]

DATE: 20 JUL 26

MAJOR(S): CHEMICAL ENGINEERING

CLASS OF: 2026

ENTERED: 27 JUN 22

DEGREE: AWARDED BACHELOR OF SCIENCE

TRANSCRIPT EXPLANATION - Classes of 2023 to Present

Accreditation. The United States Military Academy is accredited by the Middle States Commission on Higher Education, 1007 North Orange Street, 4th Floor, MB #166, Wilmington, DE 19801. (267-284-5011) The Middle States Commission on Higher Education is an institutional accrediting agency recognized by the U.S. Secretary of Education and the Council for Higher Education Accreditation. The following USMA majors are and have been continuously accredited by the Engineering Accreditation Commission of ABET, <http://www.abet.org> since the initial date shown: Chemical Engineering, October 1, 2012; Civil Engineering, October 1, 1985; Electrical Engineering, October 1, 1985; Engineering Management, October 1, 1985; Environmental Engineering, October 1, 1995; Mechanical Engineering, October 1, 1985; Nuclear Engineering, October 1, 2007; Systems Engineering, October 1, 1995. The following USMA majors are and have been continuously accredited by the Computing Accreditation Commission of ABET, <http://www.abet.org> since the initial date shown: Computer Science, October 1, 1997; Cyber Science, October 1, 2020. The following USMA major is and has been continuously accredited by the Applied and Natural Science Accreditation Commission of ABET, <http://www.abet.org> since the initial date shown: Applied Statistics and Data Science, October 1, 2022. The USMA major, Geospatial Information Science/Geospatial Science, is accredited by the United States Geospatial Intelligence Foundation, <http://www.usgif.org>, continuously since May 1, 2010. The Chemistry Major with ACS Certification track is approved by the Committee on Professional Training of the American Chemical Society continuously since April 25, 2013.

Grades. Standard letter grades, A+ through F, are used at the United States Military Academy. Several other grades with special meanings may be shown on a transcript. "V" represents course validation (see below); "W" is withdrawal; "NC" is no credit; "T" represents transfer credit for Semester Abroad Course. Satisfactory completion of specified requirements will cause a subsequent entry of a letter grade.

Credit Hour. Courses are weighted by the number of attendances in a semester of approximately sixteen weeks. One classroom hour normally requires two hours of out of class preparation time. A course meeting 40 times a semester carries a credit hour weight of 3.0. One lab hour normally requires one half hour of out of class preparation time. Thus a course of 40 lessons and 7 two-hour labs has a credit hour weight of 3.5.

Scholastic Average (OPA). Quality points are assigned to letter grades as shown below. The Quality Point Average (QPA) is a weighted average computed using the course credit hours and quality points earned: $QPA = \frac{\sum(\text{Quality points} * \text{credit hours})}{\sum \text{credit hours}}$. Cadets may remediate one or more grades of "D" or "F" in a course by repeating that course or a closely related course with a higher grade. In such cases, the credit hours and quality points earned on the subsequent attempt replace those of the earlier attempt(s) in computation of the Cumulative Academic Quality Point Average.

Grade	Qual Points	Grade	Qual Points	Grade	Qual Points	Grade	Qual Points
A+	4.33	B+	3.33	C+	2.33	D	1.00
A	4.00	B	3.00	C	2.00	F	0.00
A-	3.67	B-	2.67	C-	1.67		

Graduation Requirements. To graduate, a cadet must successfully complete a minimum of 40 academic courses of 3.0 or higher credit hours, and achieve a Cumulative Quality Point Average of at least 2.00. The course requirement consists of a prescribed core curriculum and the course requirements for a major; successful completion of Military Science and Physical Education requirements; and demonstrated standards of conduct, moral qualities, traits of character and leadership. Graduates are awarded the Bachelor of Science degree.

Distinguished Cadet. Individuals who demonstrate academic excellence by achieving a YQPA greater than or equal to the top 15th percentile of the prior class's performance unless they had a disqualifying criteria. As of November 2024, this standard changed to top 5th percentile of their class's performance for that year.

Dean's List. Cadets earning a term QPA of at least 3.00 are awarded Dean's List recognition for that term unless they had a disqualifying criteria

Latin Honors. The Latin Honors standards, beginning with the Class of 2021, will be awarded to cadets based on the previous graduating class's percentiles in Cadet Performance Score (class rank) unless they had a disqualifying criteria.

Latin Honors Standards:

- * *summa cum laude* "With Highest Praise" in the Top 5th Percentile
- * *magna cum laude* "With Great Praise" in the Top 20th Percentile
- * *cum laude* "With Praise" in the Top 35th Percentile

Validation. Validation is the waiver of enrollment in a prescribed course on the basis of prior satisfactory completion of an equivalent course, or satisfactory demonstration of content knowledge and skills to the department concerned. Courses validated are recorded on the transcript with a "V" grade. The credit hour content of validated courses, as published in the Academic Program, are recognized as contributing appropriate disciplinary content towards meeting programmatic rigor and may be applied for accreditation purposes.
